

Ficha Grading Rubric:

You will receive points for you "Libro de Fichas" this year. Periodically, I will collect the ficha book and assign points for the fichas inside. If you had not completed a ficha on a given day for homework, you may complete it at home and then put in inside your ficha book so that you will receive full points when I collect the book.

10 points per ficha:

- 5pts **You have summarized correctly and completely**
- All charts (conjugations, etc....) are copied
 - All bullet points on the page are summarized.
 - You have NOT simply copied the words from the page. You have put them into your OWN words. This will show that you understand the information.
- 3pts: **You have at least 1 sentence on the back that show an example of each bullet point that you have summarized on the front. The grammar point is highlighted inside the sentence.**
- If the grammar point is a verb, you must highlight the verb. If the grammar point is something else (like an adjective) you must highlight that.
 - Example:* If the title of the ficha is "Gustar" (And all your notes are about the verb gustar, then your sentences must USE the word gustar).
 - Possible sentences for the back:
 - Me gustan** los pantalones.
 - ¿**Te gusta** la blusa roja?
 - Les gusta** bailar.
 - Example:* If the grammar point is: "Adjectives to describe"
 - Bullet point #1: the adjective must match in gender to the noun it describes.
 - Bullet point #2: the letter "e" is neutral and you do not change it for gender.
 - Bullet point #3: The adjective must match in number to the noun it describes
 - Bullet point #4: If there is a boy or something masculine and a girl, or something feminine, in the sentence the masculine is used.
 - Possible sentences for the back:
 - El chico es guapo.
 - El chico es inteligente.
 - Los chicos son guapos.
 - El chico y la chica son guapos.
- 1pt: **You have a stamp (it was originally done on time)**
- 1pt: **Title, page number, color:** You must have all of these things. (Note: for the color, you may not have the ficha title colored the same color as the ficha before it.)
